

What is KTalk and who are you?

My name is Kerryyn Burgoyne, and I have what was known back then as Asperger's Syndrome (diagnosed back in 1998). I am highly passionate about presenting about my own experiences to the public, about this medical condition from an "outside in" perspective.

KTalk is an innovational Autism training & education agency that provides (ASD) Autism awareness & education, through the goods & services it has to offer, to serve the general community.

It was because of the lack of employment opportunities that Kerryyn never had, in trying to secure permanent employment for herself that KTalk was born back in 2007.

Where have you trained people in the past?

Please click on the link above or find the past events link below the main

page of the website for more information.

Kerryyn/KT.alk has also presented many numerous sessions for many groups/companies/organisations in many different areas including speaking at interstate conferences. She is now also an internationally, renowned, keynote speaker at major conferences globally.

"Kerryyn speaks frankly and passionately about living with autism spectrum disorder, and the many difficulties she encountered as a child, at school and as an adult.

Her training courses offer a structured approach to the understanding and management of autism spectrum disorders." (Parent/Carer of autistic teen/adult)".

How much does it cost for a training session on autism and how long do they run for?

Training sessions usually run for 2 hours including question time. It will all depend on the location of where

the client is. Fees are higher outside the Melbourne CDB for travel/accommodation costs.

What is the flexibility of your training for our company/organisation?

Both flexibility & adaptability are always the No 1 key for training. You can book Kerryyn now to come to present at your event through the KTalk website via this link: [Shop Page | KTalk](#)

Is there any other support available from the training session?

Should you need any further support from your training session, or anything else, simply email us with your enquiry and we'll arrange a support session for you via Teams/Zoom to resolve your issues quickly.

Is there anything else that I need to know?

Yes, for training sessions a data projector/laptop will need to be provided for presentations.

All fees for sessions need to be settled prior to commencement of training given.

Where to from here?

You are more than welcome to make an enquiry via email or phone call to Kerry. Please use the contact details in this brochure or via the website.
