

One word for you – FANTASTIC, INCREDIBLE, AMAZING! I have learnt so much from you in the 2 hours I have been in this course!

— DVLC Aspektism Adults Course Nov 10

— DVLC Aspektism Adults Course – Nov 10

Nothing beats information coming from someone who lives with Asperger's Disorder. No number of experts will provide the same insight/understanding & proven strategies.

— Aspektism/Workism Participant

Very helpful talk. Great workshop that assisted in my learning!

— ASA National Conference – Brisbane QLD – Feb 12

You are very brave and give us, as parents and Aspies great hope to go on in this journey. Thank you!

— Townsville Workshop Participant – March 09

The whole workshop has been great. Great job well done!

— Townsville Workshop Participant – March 09

I Highly Recommend this Workism course to the many employers who are out there, that need to be educated about Asperger's in the workplace.

— Aspektism/Workism Participant On Call Personnel – June 09

How does a person, who suffers with AS, present information to an audience in such a unique way?" (Meaning how does she stand at the front of an audience, tell her own life story to help others, and wants to help others get on the right track for themselves in their own life journey?).

— Townsville Workshop Participant – March 09

It was from the heart/soul of the person and not just a textbook, so was very powerful

— Townsville Workshop Participant – March 09

Well done Kerryn! You have done a fantastic job running this course at DVLC!

— DVLC Aspektism Adults Course – Nov 10

Great to listen to an expert who knows first hand about ASD/AS who inspires others who work alongside students in schools!

— DVLC – Aspektism for Kids Course – Nov 11

I would absolutely Highly Recommend this course to the many parents/carers/support workers who don't know about or understand Asperger's or Autism Spectrum Disorders! They need to do both courses to learn how to connect to their sibling/child/teen/adult who has it! It is definitely worth doing. A great course taught by a person with Asperger's who was very straight forward.

— Aspektism/Workism Participant – On Call Personnel June 09

I now feel confident that I have the skills to cope with situations that may arise in people with ASD/AS in my classroom! I would highly recommend it to other people who hear about it and the group participation was fantastic!

— DVLC Aspektism Adults Course – Nov 10

Most ASD courses out there, are clinical and abstract in their development and reference material. Aspektism/Workism is no such thing as this. It is totally real & written from one's life perspective living with the disorder.
