

What is Workism for Employers?

This course outlines the difficulties encountered of people with ASD/AS in the workplace and helps employers gain a greater understanding of their employee/s with ASD/AS.

What made you decide to write this course on employment issues for adults with ASD/AS?

There was a need to address society on the difficulties that people have with disabilities, therefore the course was developed to assist in this area.

Are there other Autism related courses on the market?

There is no other Adult Autism related course on the market at present apart from Aspektism. Workism for Parents/Carers and Workism for Employers are the follow on courses from Aspektism.

What modules are there in Workism?

What is ASD/AS, Interviewing the person with ASD, Teamwork and taking instruction, Conflict in the workplace, Overload Issues Light & Sound issues & Strategies in the workplace. This course is written for an employer who is considering or has an employee with ASD/AS in their workplace.

I'm an employer, how am I going to benefit from an employee I hire with an ASD/AS?

“An employee with ASD/AS is more than likely to be very reliable & trustworthy as an employee & to stay with an organisation enabling higher productivity in the workplace much longer than for someone who does not have the disorder.”

How do I get support from these courses?

Online support is always there via email & and Kerryn is just a phone call away.

If I did the Workism course that I would learn more about the struggles & difficulties my employee/s are having in the workplace

Absolutely! The more you learn the more you will understand the circumstances of an individual trying to fit into a workplace without being discriminated against and trying to find their place in society like everybody else has.

Where to from here?

You are more than welcome to make an enquiry via email or phone call to Kerry. Please use the contact details on this brochure or via the website.
